

NWS Policy on Use of Turn Around Don't Drown®

The phrase “Turn Around Don't Drown®” is ideally suited for many types of flood safety outreach activities. NOAA encourages use of the phrase to further the NWS mission to help protect life and property. The phrase may be used by NOAA/NWS employees working in an official capacity for any educational, safety, and/or outreach purpose. The phrase may also be used by external parties or NOAA/NWS employees in an unofficial capacity subject to guidelines in Section 2 below.

1. Use of “Turn Around Don't Drown®” In Road Signs

Using “Turn Around Don't Drown®” in highway signs is an effective way to advance the cause of flood safety. However, it is important to remember that U.S. Department of Transportation Federal Highway Administration standards call for temporary (incident) road signs to be pink and rectangular-shaped, while permanent warning signs are specified to be yellow and diamond-shaped. Signs using the phrase “Turn Around Don't Drown®” that comply with these standards are shown in Figures 1 and 2. Specifications for these signs are provided at: <URL>.

Figure 1. Turn Around Don't Drown® permanent warning sign, with example of appropriate placement at a low water crossing to the right.

Figure 2. Turn Around Don't Drown® incident warning sign, shown with appropriate stand for temporary placement to the right.

2. Use of “Turn Around Don't Drown®” By External NOAA/NWS Parties or NOAA/NWS Employees in an Unofficial Capacity

When participating with the NWS in the dissemination of flood/flash flood watch/warning/advisory information, NWS partners in the weather enterprise may use the phrase “Turn Around Don't Drown®” in live broadcasts to encourage flood safety, without needing special permission or license agreement from NOAA. An example of this is a television weather person stating that a flash flood warning is in effect and then reminding viewers to “turn around don't drown” at flooded low water crossings. This limited permission is given on condition of the phrase being used in a lawful and professional manner and is subject to review by NOAA/NWS. Any person or entity as described above using the phrase “Turn Around Don't Drown®” hereby agrees with these conditions and agrees to immediately stop using the phrase should NOAA/NWS, in their sole discretion, determine for any reason that the use of the phrase is not in the best interests of

the NWS flood safety program. If regional, WFO, or RFC personnel suspect someone is using the phrase improperly, he or she should notify the National Hydrologic Outreach Program Coordinator in OCWWS HSD (see below).

Parties external to NOAA/NWS, as well as NOAA/NWS employees working in an unofficial capacity, may also use the phrase “Turn Around Don’t Drown®” in printing, recording, or electronic storage media (e.g., pamphlet, clothing, badge, logo, video, audio, or web page), subject to the following conditions:

- 1) The phrase will be used for the purpose of encouraging public flood safety.
- 2) If the phrase will be shown in print format, it will include the registered trademark symbol ® at the end.
- 3) A final copy of the product in which the phrase is used will be provided to the NWS at no charge. The NWS will have the option of including the final product as an outreach resource in the “Turn Around Don’t Drown®” Toolbox (<http://www.weather.gov/os/water/Ahps.shtml>). Should the NWS decide to include the product in the Toolbox, full credit will be granted to the author and/or her/his organization/company.

If the external party intends to meet all the above conditions, they may seek permission to use the phrase “Turn Around Don’t Drown®” by submitting a written request to the National Hydrologic Outreach Program Leader. The request will describe how the external party intends to use the phrase, include a pre-production version of the use (e.g., on audio, video, draft hard copy, web page prototype), and be submitted to:

National Hydrologic Outreach Program Leader
1325 East West Hwy, SSMC2 13415
Silver Spring, MD 20910
hydro_outreach@noaa.gov

Permission to use the phrase will be preserved in a license agreement between NOAA and the external party. OCWWS-HSD will prepare the license agreement using a standard template (see attachment 1). The license agreement will become effective when signed by both the party seeking permission to use the phrase (“licensee”) and the Director of OCWWS. OCWWS-HSD will notify the licensee that the license agreement is effective once it has been signed by the Director, OCWWS.

Attachment 1 – Template for License Agreement

The template license agreement below is only an example and may be modified by NOAA.

Trademark License Agreement

Whereas the National Weather Service, National Oceanic and Atmospheric Administration, U.S. Department of Commerce ("NOAA" or "Licensor") has adopted and is using the phrase "Turn Around Don't Drown"® ("TADD"), has registered "Turn Around Don't Drown"®, and has received Federal registration of "Turn Around Don't Drown"® from the U.S. Patent and Trademark Office as a trademark; and

Whereas [***name of individual***] (the "Licensee") desires to use TADD [***describe how logo will be used, on apparel; include any exclusions (i.e. cannot be worn at political events)***];

Now, therefore, in consideration of the mutual promises herein contained, it is agreed that:

1. **Grant of License:** The Licensor hereby grants to the Licensee a non-exclusive, royalty-free right to use TADD for the purposes described herein.
2. **Quality Control:** The Licensor shall have the right, at all reasonable times, to inspect the Licensee's goods, services, and promotional activities employing TADD to ensure that such use is of proper quality and otherwise consistent with this Agreement, and may terminate the license should it determine that the use is inconsistent with this Agreement.
3. **Use by National Weather Service:** The Licensee shall provide to NOAA at no charge a final version of the goods, services, or promotional activity that uses the TADD phrase. Licensee agrees that the NOAA will have the option of including the goods, services, or promotional activity as an outreach resource in the "Turn Around Don't Drown®" Toolbox (<http://www.weather.gov/os/water/tadd/>). If the goods, services, or promotional activity is included in the "Turn Around Don't Drown®" Toolbox, credit will be given to the Licensee.
4. **Duration and Termination:** This Agreement shall terminate [***complete: one - five***] years from the date of its signature by both parties. The Licensee, however, may request a renewal of this Agreement for an additional term of [***complete: one - five***] years, renewable for subsequent [***complete: one - five***] year terms, subject to the express written consent of Licensor. Upon termination of this Agreement, all rights of the Licensee to use TADD shall immediately terminate.
5. **Assignments and Sub-Licenses:** This License is not assignable. Notwithstanding this provision, the Licensee may hire subcontractors to perform manufacturing and distribution activities under this Agreement.

In witness whereof, the parties have caused this document to be duly executed as of the latter of the two dates below.
